

Crafts with Pine Cones!

Come join **Recovery Center East** for a day of **decorating pine cones at Synergy Center!**

Pine cones are everywhere this time of year. They are seen on wreaths, in baskets, and of course on trees and the ground. We wanted to dedicate an activity to exploring our creativity with pine cones! *The materials will be provided for you.* Of course if you have anything that you would like to bring from home you are more than welcome too.

You have the possibility to make a bird feeder with peanut butter and birdseed and much more!

We will be starting at **3:00pm** at **Synergy Center** on **Wednesday, December 12th!**

Please RSVP by calling

Recovery Center East
